I could send a response stating that the barge movement schedule is posted on a weekly basis, with updates as needed, to the RM109.com website. While it's too soon to know the schedule on 9th, the schedule will be known prior to the 9th and travel plans can be adjusted accordingly, if necessary.

Anything else?

Stephanie:

Is this something EPA will address or should the CPG?

Thanks

Rob

One night last week a barge was being pushed down river at about 7 pm. Rt 21N was bumper to bumper from Belleville to Newark, likely do to bridge closings.

Belleville

PS I am on vacation 9/9. I'll take a Raincheck.

Hi Everyone, we are confirmed for September 9.

A charter bus pick up CAG members at St. James Church at 4 p.m. and the Tour is scheduled to begin at 4:30 PM. If it is easier to meet us at Riverside Park, please be there at 4:30. The tour should last about 90 minutes and the bus get us back to the Church around 6:30-7:00 depending on traffic.

This is a great opportunity and we are hoping for a good turnout. Please RSVP so I can get a sense of how many folks will be attending and let me know if you have any questions.

thanks

Doug
